RPA PRODUCTS AND SERVICES

# John Cato

John has specific skills in GRC (Governance, Risk and Compliance) with an emphasis on local requirements such as King III and the Companies Act (71 of 2008), as well as international practices in this area. John has gained experience in the airline, IT vendor, healthcare and financial services sectors. He was accredited as an Openframework (Enterprise) Architect in the UK and has passed exams in Information Security, Service and Project Management. He is also an active member of the South African chapter of ISACA, the professional body for those interested in IT Governance

# Dr Peter Tobin, CGEIT, PMIITPSA, PMP

Dr Tobin is a graduate of four universities, gaining his first degree at the University of York (England), following this with a Post-Graduate Diploma in Management Studies at the University of East London (England). He also holds the prestigious MBA awarded by Henley Business School , graduating top of his class. He later completed his Doctorate in the field of Knowledge Management at the University of Pretoria. Dr Tobin has also been a certified project manager for fifteen years (earning both USA PMP<sup>®</sup> with the US-based Project Management Institute (1998) and UK sourced PRINCE2 (2004) qualifications). Dr Tobin is also a Professional Grade member of the Institute of IT Professionals of SA (IITPSA) and Project Management South Africa. He holds the “Certified in the Governance of Enterprise IT” designation awarded by ISACA, the professional body for those interested in IT Governance and Management.

# Our network

Effective POPI Compliance and IT Governance & Management need a number of specialist skills in areas such as Data privacy and protection, Enterprise Architecture, Risk and Security Management, Service Management and Delivery.

We have access to an extensive network of local and international consultants to support you in these and other areas.
